Clinic FAQ

1. Appointments

Contact the clinic reception to ask about appointment availability.
Please have your patient identifier ready when you call or use the online portal.
Routine appointments are usually scheduled within two weeks.
Urgent but non-emergency concerns may be offered a same-day slot if available.
Cancellations should be made at least 24 hours in advance when possible.
Repeated missed appointments without notice may affect future booking priority.

2. Medical Records

Requests for copies of records should be directed to the clinic records desk.
Identity-verification procedures must be followed before any records are released.
Photo identification and a signed request form are usually required.
Records are typically released within five to ten working days.
A fee may apply for extensive copies or for older records kept off-site.
Patients may also request that errors in their records be reviewed and corrected.

3. Prescription Refills

Refill requests should be made through your usual pharmacy or the clinic prescription line.
Please allow two working days for processing.
Controlled medications may require an in-person review before renewal.
Do not increase the dose of any medicine without professional advice.
Lost or damaged prescriptions should be reported to the prescribing clinician.

4. Test Results

Routine test results are usually communicated through the patient portal or a follow-up appointment.
The clinic will contact you if a result needs urgent attention.
Please do not assume a result is normal if you have not heard back within the expected timeframe.
Some results require a specialist to review them before release.

5. Referrals

Referrals to specialists are made at the discretion of the treating clinician.
Waiting times vary by specialty and by local availability.
Patients may ask the reception desk about the status of a pending referral.

6. Insurance and Billing

Bring your insurance details to every visit.
Billing questions should be directed to the clinic billing desk.
Financial assistance may be available for eligible patients.
Itemised receipts can be requested for insurance claims.

7. Urgent Symptoms

This FAQ is not an emergency service.

For severe or urgent symptoms, contact local emergency services or seek immediate professional care.
Examples of urgent symptoms include chest pain, difficulty breathing,
severe bleeding, sudden weakness or numbness, and loss of consciousness.
Do not delay emergency care to ask the clinic first.

8. Visitor Policy

Visitors should follow current clinic guidance.
In some areas, visiting hours or the number of visitors may be limited for patient safety.
Children visiting the clinic should be supervised at all times.

9. Accessibility

The clinic aims to support patients with mobility, vision, hearing, or communication needs.
Please inform reception in advance so reasonable adjustments can be arranged.
Interpreter services may be available on request.

10. Feedback and Complaints

Complaints, compliments, and suggestions can be submitted to the clinic front desk.
They can also be submitted through the clinic online feedback form.
Complaints are reviewed by the clinic management team.

11. Privacy

Patient information is handled according to local privacy laws.
Information is shared with others only with consent, or where required by law.
Patients may ask how their information is stored and used.

12. General Advice

This FAQ is a general information resource.
It does not replace personalised advice from a qualified healthcare professional.
For anything not covered here, please contact the clinic reception.
